

Best of Water De-Salter" Is Given Praise

SPokane, April 9 (AP)—A number of the house committee on water affairs witnessed an interesting affair Wednesday of a test for taking minerals out of salt water and turning it into drinking water.

Wayne N. Aspinall, D., Colo., the House machinery representative, said yesterday that the "surprising" progress of the "salt water desalting" operation at the Ionic, Inc., laboratory in Spokane is a good sign.

Rep. Carl and Mrs. Grady Miller, D., Idaho, agreed.

More Conservative

Rep. E. Carr, the committee's ranking consultant, was more positive, saying the salt water desalting process has "considerable promise."

He said, however, the process is too expensive to purify sea

water.

Water," Miller

SPokane, April 9 (UPI)—It will take two billion dollars to federal debt.

It will be the first sizable borrowing by the new administration to finance its budgetary program, by selling bonds that will mature in 30 years and a 1 percent interest rate. The highest interest rate on 30-year bonds is 30 years and the 30-year is the longest since before war II.

Government will raise the national debt by expanding its weekly sales of 91-day bonds late this month or

in the absence of inflation.

Elmore and 2 Border Counties Have Top Auto License Sales

BORKE, April 9 (UPI)—Two Idaho counties bordering on Washington—Kootenai and Nez Perce—sell more auto license plates than any other county in the state.

State law enforcement officials declined to comment on an announcement by the Washington state legislature that the Washington state legislature had voted to ban the sale of Washington motorcars to buy Idaho's cheaper license plates.

However, a check of department records showed the two counties lead in auto license sales for 1967. For every 2,366 residents in Kootenai county and 24 in Nez Perce, Spokane is only 18 miles from the border of Kootenai county and 26 miles from Nez Perce.

Statewide, the state's 1967 auto license sales were a record 1,000,000 plates.

The records show license sales are about average in counties bordering other states surrounding Idaho. No license was issued in the county with each 2,366 persons: Shoshone, 22,271 people, and 7,356 Nez Perce, one for every 2,166 persons, and Latah, 20,971 people, one for every 6,902 Nez Perce, one for every 1,026.

YWCA Group Has Election, Plans New Efforts to Increase Local Participation

A new activities committee for the YWCA Coed group was elected Wednesday night at the YWCA. The group was formed to encourage all young women to become members of the YWCA.

All single persons from 18 to 35 are invited to join the YWCA. The membership dues are \$3.00 per month.

The YWCA Coed group will meet at the Y rooms on the third and fourth 140 Main avenue south. There is no membership charge.

The purpose of the group is to provide recreation for all young adults and help them get acquainted with persons in their age groups.

All members of the YWCA Coed group are invited to come to the Y rooms any Wednesday night between 8 o'clock and midnight.

As part of the reorganization, a new committee will be formed to plan a new membership system. The nominal annual dues within one month after joining the group, dues will go to the YWCA.

After its founding in August, 1961, the YWCA Coed group was organized on the basis of a one-month dues system for several months, allowing members to choose their own recreation. Later, a committee was formed to change the system. An effort is made to have at least one special event monthly. Committee members serve six months each, with two new members elected every three months.

The truck and trailer were empty, Deputy Sheriff Gordon Newby, who investigated, said.

Luck and Pluck Still Held Top Keys for Success in Business

NEW YORK, April 8 (UPI)—What does it take to succeed in this country these days for a poor boy to get ahead and become a success?

Well, 10 men who rose from poverty gave their answers Wednesday.

Their answers are pretty much what it always was: hard work, pluck, an inspiring mother, democratic opportunities, good luck, a loving wife and so on.

The 10, recently honored "Alors" awards, named after the rag-torches fictional hero of another era, The winners received bronze plaques and \$1,000 each. The group includes a leg association after an annual poll of 3,000 college leaders throughout the nation.

Mr. Marion Eisenbauer, educator and author of the President, said of the winners: "Each of these men began in hu-

parents, a great mother, a devoted wife and family, and adherence to the rule and application of the golden rule, which is responsible for my success in a material way."

Harold Shafter, a farm hand who became president of Gold Seal company, Cliff Day, at Sacramento, Calif., a doctor, is a man's man.

Mr. Walter Schmidt, Portland, Ore., has been visiting her daughter, Mrs. Mary Ed Polk.

Daren McIntire, stationed at Mountain Home airbase, spent Easter with his aunt, Mrs. Frank Johnson.

Mrs. Herbert Johnson, Tooele, Utah, is visiting her parents-in-law, Mr. and Mrs. Frank Johnson.

Others honored included Gen.

Weather Bureau Sets up Test Project on Rainmaking Claims

SEATTLE, April 9—The next storm moving in from the Pacific ocean will have a government reception committee waiting for it at the Sand Point Weather Modification Center. An attempt will be made to alter its normal rainfall.

Ferguson Hall, a U. S. weather bureau official heading a weather control commission here, announced here, said cloud seeding operations are ready for the next storm.

The tests will cover both rainmaking and rain-stopping to determine what their proposed claim.

Civilian pilots hired by the weather

bureau will greet the storm front in the area southwest of Seattle, apparently extending to the ocean.

Dry ice pellets or silver iodide will be dropped from the sky by the Linking Fraternity. The theory of rainmakers is that moisture collects around the pellets of silver iodide and falls as rain. The tests will be compared with that from unseeded areas to determine the rate of effectiveness.

Marilyn Turner Becomes Bride of Tommy Beams

BUHL, April 9.—The wedding of Marilyn Turner and Tommy Beams was celebrated Monday morning in the Church of the Immaculate Conception in Buhl.

The bride is the daughter of Mr. and Mrs. Jerry Turner, Buhl, the son of Mr. and Mrs. C. W. Beams. The ceremony was performed by the Rev. Father C. A. Bradley.

The altar was decorated with Easter lilies and roses and white candles. Baskets of white calla lilies and pink carnations flanked the altar rail.

Mr. LeRoy, organist, was in charge of music and played the wedding march. Mrs. Gene Kline was soloist and a duet was sung by Mrs. Oscar Kline and Mrs. Gene Kline.

The bride wore a floor-length gown of white nylon taffeta with a

nylon net overskirt. A tier of blue blossoms held her fingerless gloves. A white satin prayer book with fuchsia shattered carnations and white satin sash. Her gold bracelet was a gift from the bride.

Miss Pat Graves, Twin Falls, sister of the bride, was matron of honor. Little Connie Thurman, the maid of honor, was a flower girl. The bridegroom's brother, Roy Beams, served as best man. Ushers were Jerry Turner, the bride's brother, and Gene Thurman, the maid of honor.

Mrs. Turner wore a navy blue crepe dress with red accessories and Mrs. Beams chose a navy blue crepe dress with white accessories.

Both were in charge of decorations and the reception.

Reception was held in the American Legion hall. The bride's table was centered with a three-tiered cake decorated with white lighted tapers and baskets of calla lilies and carnations. Mrs. Woody Thurman and Mrs. Earl Laughlin served cake and Mrs. Jay Sharp served punch. Mrs. Pat Gravens was in charge of the guest book and Francis Ann Thurman and Mrs. Gravens arranged the gifts.

The bride chose a gray suit with navy blue accessories for her going-away costume.

After a short honeymoon on the west coast, the couple will return to Buhl to make their home.

Both are graduates of Buhl high school. Mrs. Beams has been an employee of Twin Falls and Rockwood Company and Mr. Beams is employed by the Buhl highway district.

Seven-Stake Institute Set Saturday Evening in T. F.

SHOEMORE, April 6—The seven-stake institute, to be held Saturday night at the Twin Falls stakehouse, will begin at 7 o'clock with a general assembly, followed by departmental sessions from 8 to 9:30 o'clock. A "fun evening" will follow.

All state executives, bishopric advisers, area group leaders and culture and recreation leaders will be invited to attend, and general board workers from Salt Lake City will be present to conduct the departments.

Following the opening assembly, the call will be taken and the cultural arts, drama, speech and music will be featured by general board.

DONNA JEAN McCauley
(Staff engraving)

Donna McCauley, Sergeant to Wed.

BURLEY, April 6—Mrs. and Mrs. Jean McCauley, Buhl, announced the engagement of their daughter, Donna Jean McCauley, to Sgt. Jim Norwood, son of Mr. and Mrs. Virgil Norwood, of Twin Falls.

The wedding is planned for June 3 in the Buhl First United Methodist Church.

The bride-elect attended schools in Buhl. Her fiance, a 1950 graduate of Hagerman High School, is stationed at Fort Lewis, Fort Lewis, Wash. They will make their home at Pasco, Wash., following their marriage.

The next meeting will be held April 16 with Mrs. McIntosh.

Care of Your Children

By ANGELO PATRI

It would be well for all mothers to remember that each child born into the world has a new pattern of growth and development. Different children grow at different rates of speed. We who try to understand the growth and development of children—those who watch, study and care for them—should be alert, and they require rest and quiet. How about the child who, though whining with weariness, refuses to go to sleep? Should the mother force him to sleep? No. Sleep cannot be forced, but it can be induced. Force creates tensions and while the body is tense there is no sleep. Sing to him softly, play a lullaby, tell him a story, sing him a story, sooth him to rest; if he not sleep—in short, we work according to the child's nature in the hope of implanting the habit of sleep.

The expert can make only general statements, those which have been found true for many children. What the mother does not do, she need not be afraid to do. When she reaches the time to think the question over carefully, then ask, "Does this

members as a short program. Plans for the institute were announced to Buhl state board members during the monthly board meeting Tuesday night at the Shoemore.

Mrs. Burton, Thorne, president, conducted the meeting with Glenn Sorenson, YMCA superintendent, presiding.

Tickets for the stake Gold and Green ball, which will be held Saturday night, will be bought at guest ticket or door prices, it was decided. The guest tickets will be available in the card at the stake office or at the ticket office.

Tickets for the teen-age Gold and Green ball, set for April 17 at Carey, were completed. The event is especially for Boy Scouts and Bee Hive girls in a special unit organized by the Boy Scouts. The group also may attend the adult Gold and Green ball.

Dance practices will be continued for the June dance festival to be held at the Buhl First United Methodist Church. The Beehive Swarm day is set for May 23 at the Shoshone church.

Mrs. Harper Bisch and Mrs. Bisch, state commissioners, have made arrangements to the words for the Swarm day. They include the flag ceremony by the Hailey ward; opening of the group; prayer; singing of the national anthem; Buhl plan organization; Mrs. Helen Stowell, Shoshone; presentation of awards; Mrs. Burton Thorne, president, and the closing prayer by the Sun Valley ward.
